About The Book

The unsolicited message. The random text. The creepy greeting. Whether he was receiving random chat messages from fellow online Wheel of Fortune players or inheriting an unprompted text from a stranger, Comedian Evan Wecksell had an important decision to make: does he ignore each new arrival or see where it goes? Having chosen the latter, follow Evan on an epic journey as he engages with a wide variety of online weirdos head-on and sees how disconnected they are from reality, what their end game is and if they have a soul.
